Dear Mayor Dehen,

This November, NicBluCares is celebrating the one-year anniversary of the official start to its programs: the Kato Towns Charter, the Bells of Belonging, and the NicBluCaresNOW Community Resource Directory. We are requesting that Kato Towns—the Cities of Mankato and North Mankato—join forces in support of the Community Resource Directory by contributing \$2,500 each as part of their City budgets annually.

This comprehensive online directory helps to fill the gaps in our community safety net by connecting people in need to the excellent resources in Kato Towns, with dignity and ease. As a public health movement, our compassionate community is developed, owned, and directed by the people it serves.

‘Compassionate Communities’ are communities in which everyday people play a stronger role in the care of those who may be experiencing tough times. We recognize that caring for one another in times of crisis or loss is not simply a task for health and social services but is everyone’s responsibility.

Attached please find a booklet with the history, programs, and champions of NicBluCares. You will also see the Kato Town Charter sector participants and their chosen best practices. This represents their annual commitment and the beginning of a community-wide agenda that promotes belonging and inclusion where all voices are invited and valued, especially in times of need.

Thank you for the City of North Mankato’s participation in meaningful conversations centered around how to help prepare and respond to experiences of loss. We are also grateful for the City’s financial support for the initial multi-sector training with the resource directory, NicBluCaresNOW.com.

We appreciate your consideration of our request for ongoing support.

Most sincerely,

Mary Bliesmer, NicBluCares Team Member

Re: Proposed 2023-2027 CIP Schedule

### **2023-2027 CIP**

Attached you will find the proposed 2023-2027 CIP Schedule (**Exhibit A**) for the City of North Mankato. This document is the first draft of a multi-year planning instrument identifying the needs and financing sources for vehicles, equipment, public infrastructure, and amenities over the next five years. The CIP also serves as a tool to inform residents, businesses, and other stakeholders how the City plans to address significant capital needs over the next five to ten years. The attached Exhibit A includes additional future needs, and potential projects planned for the future as identified but not yet scheduled. These projects have been identified during strategic planning efforts or during regular deliberations of the City Council.

The first years of the CIP (2023-2027) become a capital budget. Items placed in the identified but not yet scheduled category should not be seen as fixed commitments, but future placeholders for projects and equipment/vehicles on the horizon. The City prepares the CIP separately from the operating budgets, but they are closely linked. Expenditures budgeted for 2022 in the operating budgets of the General Fund, Construction Funds, Capital Facilities & Equipment Replacement Fund and Utility funds are identified in the CIP with the identified funding source(s). The CIP has been split into two parts: cash expenditures and bonding. The cash expenditures are for equipment and small-scale projects as part of the operating budgets, while the bonding section is for large scale infrastructure and recreational projects.

### **Five-Year Capital Improvements**

At \$44,571,500, the total value of projects identified in the 2023-2027 CIP is \$773,250 less than the 2022-2026 CIP. The budget also includes \$60,000 of identified but not scheduled funds. The CIP includes moving the Caswell Indoor Recreation Project from 2022 to 2023 as well as removing the improvements from Wheeler Avenue and Page Avenue. Additionally, the estimates for Somerset Drive and Howard Drive both increased. In 2022, \$3.95 million was issued in GO Improvement Bonds for the Lor Ray Drive project and the McKinley Avenue project. Additional projects on the CIP include Hoover Drive Safe Routes to School, Sherman Street, and ravine improvements.

The \$25.9 million proposed for 2023 is the result of the following:

- \$883,000 for equipment replacement (attached Exhibit A)
- \$949,500 for pavement management and park improvements
- \$490,000 for the water fund
- \$295,000 for the sewer fund
- \$23,316,000 for bonded projects for Somerset, Howard/Lor Ray Roundabout, Indoor Rec

### **Sales Tax Project**

As proposed, the 2023-2027 CIP includes the \$17.0 million Caswell Indoor Recreation Facility construction. As currently proposed, \$6.5 million has been allocated from the 2021A Sales Tax Bonds, with another bonding request from the State for \$8.5 million and the balance from a future abatement bond. This project was moved from 2022 to 2023 due to the State Legislature not completing a bonding bill.

### **Parks Plan**

The 2023 budget includes \$370,000 in capital funds. Of that amount, \$150,000 is allocated for Lady Bug Lake Improvements at Benson Park. The budget also includes \$125,000 for a shelter at Pleasantview Park. For years 2024-2027, Parks funding has been allocated annually according to the Park Capital Improvement Plan. Staff has identified the following projects in Exhibit B as the 2023-2027 Parks Plan. Minor revisions may be needed to stay within the budgeted amounts.
